

TOGETHER AGAINST GENODERMATOSES
TRAINING & WORKING SESSION

Smallville Hotel, Beirut, Lebanon

6-7 November 2014

WELCOME MESSAGE

Dear Friends and Colleagues,

It is our great pleasure to invite you to attend the 9th International Meeting of the Genodermatoses Network to be held in Beirut, Lebanon, 6-7 November 2014.

This high-level scientific meeting will include plenary lectures (diagnosis and management of main genodermatoses in neonates, updates in skin mosaicism, long term practical management) as well as interactive clinical cases and networking between experts.

Two networking meetings will allow the partners of the Genodermatoses Network to discuss collaborative projects to improve health care and social support for patients. Moreover, Ordre de Malte delegates and Lebanon specialists will discuss the current situation of patients with rare skin diseases in Lebanon and the ways to provide them with the most appropriate health care.

We are looking forward to welcoming you in Beirut in November 2014 to the first international scientific meeting on genetic skin diseases in Lebanon!

With best regards,

Prof. André Mégarbané

Ass. Prof. Hala Abi-Rached

Thursday, November 6, 2014

9.00 - 9.15 OPENING SPEECH

9.15 - 12.45 MAIN GENODERMATOSES IN NEONATES

Diagnosis and management in neonatal period and perspectives in 2015

9.15 Collodion baby, *Juliette Mazereeuw-Hautier*

9.45 Scaling erythroderma, *Christine Bodemer*

10.15 Bullous disease, *Arti Nanda*

10.45 Ectodermal dysplasia, *Smail Hadj-Rabia*

11:15 XP, a pre-genetic classification based on pigmentary changes, *Meriem Jones*

11.45 Coffee Break

12.00 What is your diagnosis?

12.30 Round Table

12.45 Lunch Break

14.00 - 16.00 UPDATES IN SKIN MOSAICISM

14.00 Update on epidermal nevi, *Antonio Torreló*

14.20 The PIK/RAS pathway, *Pierre Vabres*

14.40 Vascular Mosaic Disorders, *Rudolf Happle*

15.00 Giant Congenital Nevus, *Pierre Vabres*

15.20 Questions & Answers

16.00 Coffee Break

16.30 - 17.30 ORDRE DE MALTE MEETING

16.30 Management of patients with genodermatoses in Lebanon: current situation and possible projects, *Hala Abi-Rached, Mazen Kurban, André Mégarbané*

17.00 Round table, *Charles-Henri d'Aragon, Jean-Marie Decazes, Patrick Guyon, Marwan Sehnaoui, Ordre de Malte Delegates, Lebanese specialists*

Friday, November 7, 2014

9.00 - 11.15 LONG TERM PRACTICAL MANAGEMENT

9.00 Epidermolysis Bullosa management: a practical approach, *Maya El-Hachem*

9.30 Ichthyosis management, *Hala Abi-Rached*

10:00 Palmoplantar keratoderma management, *Mazen Kurban*

10.30 Neurofibromatosis 1, *Smail Hadj-Rabia*

11.00 Round Table

11.15 Coffee Break

11.30 - 12.30 INTERACTIVE CLINICAL CASES

Illustrations of subtle skin disorders which can lead to the discovery of a genodermatosis

12.30 Lunch Break

14.00 - 15.00 INTERACTIVE CLINICAL CASES

Interactive clinical cases illustrating interesting therapeutic experiences

15.00 - 16.00 GENODERMATOSES NETWORK

Towards an international network of excellence for rare skin diseases

15.00 The Genodermatoses Network, *Christine Bodemer*

15.20 Cooperation in the field of rare diseases, *Nicolas Levy*

15.40 Implementing projects, *Round table*

Objectives

- Bring together clinicians and scientists from Europe, North Africa and the wider Middle East area
- Increase skills on rare skin diseases management
- Develop collaborative projects to improve health care and social support for patients and families in each country with a special focus on the Lebanon's situation

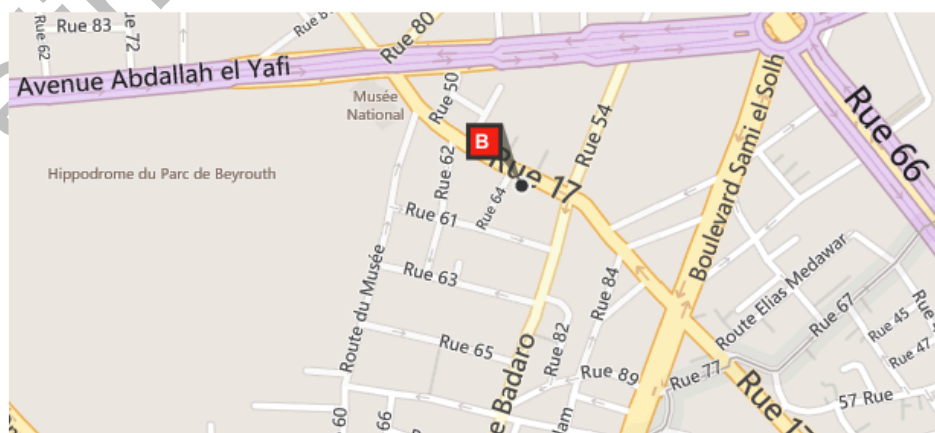

Scientific Committee

- Ass. Prof. Hala Abi-Rached Mégarbané, Department of Dermatology, Saint George Hospital University Medical Centre, University of Balamand, Beirut, Lebanon
- Prof. Christine Bodemer, Department of Dermatology, Hôpital Necker-Enfants Malades, Institut Imagine, APHP, France
- Prof. André Mégarbané, Medical Genetics Unit, Université Saint Joseph, Beirut, Lebanon
- Prof. Pierre Vabres, Department of Dermatology, Université de Bourgogne, Hôpital du Bocage, Dijon, France

Registration

The registration is free. If you wish to register, please send an email to Prof. André Mégarbané: megarbane@usj.edu.lb
