

## Faculty:

**Dr. Ángela Hernández Martín**

*Dermatologist. Hospital Infantil del Niño Jesús, Madrid, Spain.*

*Meeting coordinator.*

*Member of the European Genodermatoses Network*

**Dr. Antonio Torrelo Fernández**

*Chairman of Pediatric Dermatology.*

*Hospital Infantil del Niño Jesús, Madrid, Spain.*

**Dr. Raúl de Lucas Laguna**

*Chairman of Pediatric Dermatology. Hospital La Paz, Madrid, Spain.*

**Dr. Almudena Nuño González**

*Dermatologist. Hospital Móstoles II. Madrid, Spain.*

**Professor Rogelio González Sarmiento**

*Chairman of the Molecular Medicine Unit, Department of Medicine,*

*University of Salamanca, Salamanca, Spain; IBMCC and IBSAL*

*(USAL/CSIC/University Hospital), Salamanca, Spain.*

**Dr. Antonio Zambrano**

*ex-chairman of Pediatric Dermatology.*

*Hospital Infantil del Niño Jesús, Madrid, Spain.*

**Professor Christine Bodemer**

*Chairman of Pediatric Dermatology. Necker-Enfants Malades University*

*Hospital, APHP, Paris, France; Reference Centre for Cutaneous Rare*

*Diseases (MAGEC), Paris, France; Sorbonne Paris Cité, Université Paris*

*Descartes, Institut Imagine, Paris, France.*

**Dr. José Luis Pedreira Massa**

*Psiquiatrist. Department. Hospital Infantil del Niño Jesús,*

*Madrid, Spain.*

**Dr. Pedro Redondo**

*Dermatologist. Clínica Universitaria de Navarra. Pamplona, Spain.*

**Dr. Marta Feito**

*Dermatologist. Hospital La Paz, Madrid, Spain.*

**Dr. Lucero Noguera Morel**

*Dermatologist. Hospital Infantil del Niño Jesús, Madrid, Spain.*

**Dr. Minia Campos**

*Dermatologist. Hospital Gregorio Marañón, Madrid, Spain.*

**Dr. Esther Roe**

*Dermatologist. Hospital Santa Creu y Sant Pau, Barcelona, Spain.*

**Dr. José Manuel Azaña**

*Dermatologist. Hospital Universitario de Albacete, Spain.*

**Dr. Jesús Tercedor Sánchez**

*Dermatologist. Hospital Virgen de las Nieves, Granada, Spain.*

# II Workshop on ichthyosis

**Madrid, June 23th 2014**

Hospital Infantil del Niño Jesús  
Madrid, Spain

This second workshop on ichthyosis will be focused on diagnosis, pathology and clinical findings of the less common types of ichthyoses, as well as on the importance of the therapeutic education in this group of patients.

## Program

**10:00 a 10:05** Opening and welcome  
(Dr. Ángela Hernández Martín and  
Dr. Antonio Torrelo Fernández)

### Session 1

Chair: Dr. Ángela Hernández Martín

**10:05 a 10:25** How to diagnose an ichthyosis  
(Dr. Ángela Hernández)

**10:25 a 10:45** Not all is ARCI  
(Dr. Raul de Lucas)

**10:45 a 11:05** Latest advances in ichthyoses  
(Dr. Antonio Torrelo)

**11:05 a 11:25** Genetic testing of uncommon  
ichthyoses  
(Rogelio Gonzalez-Sarmiento)
